## 2022 Fall Golf Program at Kuehn Park Golf Course & Great Shots

### About First Tee—South Dakota

First Tee—South Dakota improves the lives of young people by providing educational programs and learning environments that build character, instill life enhancing values, and promote healthy choices through the game of golf. First Tee Program experience enables participants to learn valuable lessons about the importance of maintaining a positive attitude; how to make decisions by thinking about the possible consequences and how to define and set goals from the golf course to everyday life. Participants learn about themselves and others through a range of experiences enhancing their golf skills as well as their fundamental values for life. As their opportunities on the golf course expand, so do the opportunities for their futures.

First Tee is moving from our current skills-based programs to age based. Our Fall programming will be piloting the new age based program. We will no longer use level (PLAYer, Par, Birdie, Eagle, Ace) to determine placement. Students will register and be placed in a program based on their age. The age groupings will be piloting are ages 10-11, 12-13. Participants will progress through these levels based on their age. They will continue to learn the same First Tee Life Skills, just now with other kids their age. First Tee provides tremendous opportunities for young people to achieve success both in golf and in life.

More information will be available to parents prior to the first class as well as all our COVID-19 policies and procedures we are following and implementing. You can learn more about the First Tee Life Skills experience at [www.firsttee.org](http://www.firsttee.org) or at our chapter website [www.firstteesouthdakota.org](http://www.firstteesouthdakota.org).

**No young person will be turned away from the First Tee programs because of an inability to pay.**

**Volunteers are always needed—you don't need to play golf to be an effective role model or volunteer for our program.**

### Additional Information
